

# Announcing **CONTINENTAL PLATE** **The Beneficial Feast**

*A NEW EXPERIENCE IN DINING AND ENTERTAINMENT FOR THE NORTH QUABBIN REGION!*

Join us Sat., April 11, 2015 for our Spring Fling Feast to benefit **Medicine Mammals**

**Wildlife Rehabilitation.** Medicine Mammals is a legally registered 501 (3) (c) non-profit wildlife rehabilitation organization located in Wendell MA. Medicine Mammals is operated by White Mountain Apache, Loril MoonDream (director), and her staff of volunteers. Medicine Mammals is guided by these Native American philosophies: that all life is sacred and that all animals, whether four legged or winged need to continue to share the earth with us. To that end we raise orphaned wildlife and rehabilitate injured wildlife with veterinary help for eventual release back to the wild.

## **CONTINENTAL PLATE at the Shutesbury Athletic Club**

**Saturday, April 11th, 2015**

**Dinner 5:30 – 8 pm | Apps + Desserts 'til 9:30**

**Tastings | Raffles & Prizes | Silent Auction | Live Music**

Our diverse menu will feature stews, casseroles, soups, appetizers, breads and desserts with a unique Native American flare. Contemporary Native American music and stories performed by Medicine Mammals during cocktail hour and dinner. After dinner, a la carte appetizers and desserts available while our house band The Tectonics takes the bar stage to serve up a distinctive roots rock blend.
