

Shutesbury Early Childhood Program

The Shutesbury Elementary School Community (SES) believes that opportunities for early childhood education are essential components of a good education system. Early experiences in an environment rich in hands-on materials and activities provide children various opportunities to grow emotionally, physically, socially and cognitively. We believe that a trans-disciplinary team approach, in which all adults working with children are responsible for a child's learning, is the most effective way of teaching and we also believe that parents are the most important teachers of their children and that their involvement in their child's education is essential.

Our Early Childhood Program is accredited by the National Association for the Education of Young Children (NAEYC), which is a mark of a high quality program for young children.

Your child must be 3 years old on or before Sept 1, 2016 for preschool enrollment, or 5 years old, on or before Sept 1, 2016 for kindergarten enrollment.

Please contact the school for Fall/2016 enrollment information.
